- Total Height: 133 mm / 5,23" (400 cm³)
200 mm / 7,87" (600 cm³)
223 mm / 8,78" (800 cm³)
- Weight: 66 g / 0,14 lbs (400 cm³)
76 g / 0,17 lbs (600 cm³)
82 g / 0,18 lbs (800 cm³)

MATERIALS

- Container body: PE.
- Cap: PP.

CONTAINER FEATURES

COMPACT DESIGN, COMPATIBLE WITH ALL BOTTLE CAGES

Elite's iconic bike storage solution features a sporty and functional design, perfectly in line with Elite's latest water bottles for racing. Compatible with **all traditional bottle cages** on the market due to its standard diameter of 74 mm / 2,91", this storage bottle features several indentations in the upper part designed to ensure that it stays inside the bottle cage as intended, as well as an easier, more comfortable grip when opening.

QUICKLY STORE ANYTHING YOU NEED FOR YOUR BIKE RIDE

This Elite storage bottle is designed so you can carry everything you need to cycle safely on your outings.

The large opening allows for **quick storage** of all the equipment and spare parts that you should always have with you when going out such as an inner tube, smaller tools, electrolytes, keys, banknotes and coins, cards, or a rain jacket.

CONVENIENT FOR ALL RIDING CONDITIONS

When it comes to the **Byasi**, everything is designed for optimal practicality when using this product, starting from the shape of the container to the exclusive **soft touch finish of the cap**, which allows for easier opening if you are wearing gloves or riding in the rain.

WEATHER-RESISTANT

Its materials guarantee that the product will have a long lifespan, even in **extreme weather conditions**, such as low temperature, rain in winter, or exposure to the sun on the hottest summer days.

BPA FREE

The elements that make up this bottle are completely **free of BPA** (Bisphenol A).

RECYCLABILITY

The materials used are **recyclable** through standard recycling streams.
