

## TECHNICAL DATA

- Size: 1800 x 900 mm / 70,87" x 35,43"
- Weight: 1,3 kg / 2,86 lbs

## MATERIALS

- 50% – 600D polyester fiber
- 50% – PVC
- Thermoplastic edge finish

## FEATURES

The new **foldable and non-slip Folding Mat** is one of this year's most **exciting additions** to enhance the Elite Pain Cave with **useful new accessories**.

The **Folding Mat**, available in **black with white logo**, is **ultra-light** and **foldable**, perfect for **improving comfort** across your entire cycling set-up and **protecting training surfaces**.

### LIGHTWEIGHT AND FOLDABLE

The **Folding Mat** was created as the **ideal alternative** to the **Elite Training Mat** used by the world's **top cycling champions**. What sets it apart is its **lighter and softer** build, designed to be **easily folded** and

**stored effortlessly** in any corner of the house **without taking up unnecessary space**.

### NON-SLIP

Thanks to its **non-slip backing**, the **Folding Mat** ensures **perfect grip on the floor** for your trainer and bike, delivering **maximum stability during training**.

### PROTECTS SURFACES

The **Folding Mat** is recommended for **reducing vibrations** and **bike movement on the Riser Block** during workouts, ensuring excellent **protection for your surfaces** from **scratches, abrasions, and sweat drops**.
