

TECHNICAL DATA

- Capacity: 500 ml / 16,90 oz
- Total height: 220 mm / 8,66"
- Width: 100 mm x 50 mm / 3,94" x 1,97"
- Total weight:
97 g (bottle holder 35 g + bottle 62 g)
0,21 lbs (bottle holder 0,077 lbs + bottle 0,14 lbs)

MATERIALS

- Bottle holder: high impact-resistant painted fibre-reinforced material (FRP).
- Bottle: bottle body in food-grade polyethylene; cap in food-grade polyethylene, and food-grade thermoplastic rubber.

BOTTLE FEATURES

THE PERFECT KIT FOR TIME TRIALS AND TRIATHLONS

The **Kit Crono CX Fiberglass 2024** is a bottle and bottlecage kit designed and manufactured to ensure **top aerodynamic properties**, perfect for **triathlons** and **time trials**. It's the aerodynamic bottle and bottlecage kit that **WorldTour teams** use the most.

WIND TUNNEL DESIGNED AND TESTED

Multiple **wind tunnel tests** while designing it made it possible to streamline all surfaces in order to obtain unprecedented aerodynamic results.

The exclusive bottle + bottlecage pairing system, developed ad hoc, results in a **safe and firm grip** on the bottle even when speeding on the bicycle, which is common on time trials.

TOP RESISTANCE

The **Kit Crono CX Fiberglass 2024** bottlecage is totally made in a **high resistance fibre-reinforced material** monocoque structure.

It has been designed to reduce those elements not subject to stress as much as possible and conversely reinforce those that are subject to loads and tension increase during use, resulting in high resistance and durability.

AERODYNAMIC FINISH

The **Kit Crono CX Fiberglass 2024** bottle features a **speed-effect finish**, perfect to improve aerodynamic penetration while working out.

It's no surprise then that this kit is one of the most used by pro triathletes all over the world and by most WorldTour teams.

SPORTS CAP FOR ABUNDANT LIQUID FLOW

Ergonomic designed cap for easy, sure grip. Ideal for multi-sport use as it features a **soft rubber push-pull valve** to ensure it's easy to open and close and offer a high rate of liquid flow.

TOTALLY ERGONOMIC

Cap and bottle design makes it easy and practical to quench your thirst **under any circumstance**.

SQUEEZABLE

A feature of the soft bottle body that allows for **easy liquid flow**.

FOOD SAFETY

The bottle complies with **EC and FDA** regulations for food contact materials.

BPA FREE

Bottle materials are **totally BPA free** (Bisphenol-A).
