MATERIALS

- Silicone 70 Shore A

FEATURES

Reggy: The Secure Base for Your Water Bottle

Reggy is the new **no-slip bottle coaster** from Elite. This handy indoor cycling setup accessory provides a **stable and secure spot to rest your water bottle** during workouts, without the risk of it falling over. It also protects the surfaces beneath your devices from water and condensation.

NON-SLIP SURFACE

Reggy's base, composed of **non-slip silicone**, ensures a **stable resting place for your water bottle**, keeping it firmly in position and avoiding any inconvenient spills as you focus on your workouts. This greatly enhances the **ease and comfort** of your workout area.

It also helps protect your devices from potential drops and condensation that may accumulate on the bottle.

FITS ALL BOTTLES

Reggy is a **form-fitting** silicone support designed to fit the base of any standard water bottle, ensuring a perfect grip.

Its **maximum opening of 75 mm** guarantees compatibility with all standard diameter bottles, starting from 70 mm in diameter.

AVAILABLE IN SIX COLORS

Choose from the **six different available colors** to match Reggy with your favorite water bottle.s.
