Training Desk is Elite's **cycling workout table** that will help you make the most out of your cycling workouts on your home trainer. Made of steel and bamboo wood, **Training Desk** is both a piece of furniture and the ideal tool to add to your Elite training setup for a neat and multi-tasking workout station.

SUPPORT FOR LAPTOP PCS, TABLET TERMINALS AND SMARTPHONES

Training Desk ensures a safe and versatile designer support tool for your electronic devices.

Including a **wide support surface with internal housing** for your power cables, Elite's new table is the ideal home for your **Laptop PCs, tablet terminals** and **smartphones** to be used during workouts. The **Training Desk** also includes a

smartphones e tablet terminals wooden support designed to safely store your mobile devices. Just turn the support and choose the one that best suits your device among the two available slots.

NEAT AND SAFE WORKOUTS

Elite's **Training Desk** is made of a **wide bamboo wood support surface** for a neat and refined workout area, and ensures safe support for all your accessories - PC, smartphone, bottle - with a 20 kg (44 pounds) max load.

Easy to clean, just use a damp cloth and detergent when you're done working out. Its smooth surface ensures maximum effectiveness with minimum effort.

The support surface features a practical underbody that **hides the power cables** and makes it easier to organize the cables in your workout station. Wide and roomy, this lower compartment fits a whole power strip.

The **Training Desk** comprises a structure with **tubular steel frame** for safety and sturdiness. The table also features **swivel wheels** so you can easily move it when you're on the saddle.

Some practical **velcro cable ties** are integrated so your workout area can always be safe and neat.

TOTALLY ADJUSTABLE

Frame height on the **Training Desk** is **totally adjustable**.

Just untighten the locking sleeve and position the height of the table as you wish before working out.

The adjustable height of the surface goes from **75 cm** to a max **120 cm** (29,5" x 47,2").

FOLDABLE, SMALL FOOTPRINT

Training Desk folds easily to have a small footprint when put away. Its structure with **telescopic tube** makes it possible to vertically rotate the wooden support surface so its configuration is more compact when not in use at only 41,3" x 7,4" x 29,1" (H x L x W).

STRIKING DESIGN, EASY TO ASSEMBLE

Elite's table confers a sober and refined style to every environment it's set in thanks to materials such as **wood and steel**. Its **modern design** makes this a refined addition to your pain cave.

Assembling the **Training Desk** is easy. Just install the support surface on the frame and rotate it to a horizontal position. Fix it with the blocking wheel and there you go with the ideal support for all the tools you need to work out.

ANTI-SLIP PADS

To make sure the devices on the table are safe, **Training Desk** includes **2 anti-slip pads** that adhere to the surface so laptop pcs and the integrated smartphone/table terminal support are even more stable.
