VICO GLAM

elite-it.com

TECHNICAL SPECS

- Diameter: 74 mm / 2,91"
- Total height: 155 mm / 6,10"
- Weight: 29 g / 0,064 lbs ($\pm 10\%$)

MATERIALS

- Bottle cage obtained by injection moulding and made in polymer matrix composite material reinforced with highly resistant glass fiber.

FEATURES

NEW IRIDESCENT FINISH

The **Vico Glam** new collection includes a new model for your bike gear featuring **iridescent metallic coating** designed to make any bike frame shine and stand out.

PATENTED DESIGN

The new patented design enhances the **bottle cage with a firmer grip** even in extreme conditions, as well as easier and smoother bottle insertion/removal.

ULTRA-LIGHTWEIGHT

Weighing **only 29 g**, it features structural sections that vary according to the tension level applied to different areas of the bottle

cage during use, **ensuring high reliability and performance.**

SECURE BOTTLE RETENTION

The new design features a front structure that wraps the bottle higher up to improve bottle retention even in challenging conditions, such as **high-speed descents, rough terrain or off-road paths.**

QUICK AND EASY BOTTLE INSERTION AND REMOVAL

A unique shape makes it **easy and safe to insert and remove the bottle** with just a simple move, so you won't be distracted from the road ahead during your rides.

TESTED AND DEVELOPED WITH THE WORLD'S BEST PRO TEAMS

Many years of races and victories with the **world's best professional teams** have helped us design, test and create a bottle cage that will meet the expectations of even the most demanding cyclists.

IDEAL FOR CUTTING-EDGE BIKES

The design and edgy graphics perfectly compliment current gen bicycles, both **race, gravel or MTB**, and the bottle cage is ideal for smaller sloping frames with smaller central triangles.

WIDE RANGE OF PLACEMENT OPTIONS

The shape of the mounting holes ensures a wide range of placement options. Mount one on **the seat tube or the down tube** or both to carry two bottles for greater liquid capacity.
